1- & 2-year-olds
MISSED

(Based on Medicaid requirements & EPSDT reports)

REIMBURSEMENT

LeadCare®II is reimbursable
with CPT code 83655.

BEST PRACTICES

Test pregnant and lactating women
when a single risk factor is present.

Iowa State Requirement:

Test all children at ages 1 and again at
age 2; or up to age 6, if they have not
previously been tested.

Is LeadCare® II right for your practice?

- Do you find patients don't comply with scripts for their lab lead tests?
- Does your staff waste time following up on tests, or get frustrated with slow turn around time?
- Do you already perform, or are you considering, fingerstick hemoglobin testing?
- Would an immediate result be helpful to your staff or appreciated by your patients?

If you answered 'YES' to just one of these questions, then LeadCare II could be a valuable tool for your practice.
