## Blood lead testing in Indiana

---

*This information is subject to change*

### Who needs to be tested?

---

#### Universal

- Effective Jan. 1, 2023, all providers in Indiana are required to offer blood lead testing to patients at ages 1 and 2, or as soon as possible before the age of 7 if not previously tested.
- All children on Medicaid are required to be tested at ages 1 and 2.
- Lead testing is required for all Head Start children prior to enrollment.
- Discuss lead exposure with all women who are planning a pregnancy, pregnant or lactating. CDC & ACOG recommendation testing when a single risk factor is identified.
- For more information: [CDC's Guidelines for the Identification and Management of Lead Exposure in Pregnant And Lactating Women](#)
- For more detailed information, visit <http://www.in.gov/isdh/26550.htm>

### What is the reimbursement?\*

---

- CPT Code 36416, Collection of a capillary blood specimen, ~\$3.00
- CPT Code 83655, Blood Lead
- Private Insurance: ~ \$13.00
- Medicaid: ~ \$16.00

*\* Actual reimbursement rates vary by plan and should be verified.*

### What do you need to get started?

---

#### State Licensure

- CLIA Certificate of Waiver or higher

#### Lead Testing Reporting Requirements

- **ALL** blood lead results must be reported to the state.  
*For additional information on reporting, visit: <https://www.in.gov/health/lead-and-healthy-homes-division/lead-information/specimen-testing-and-shipping/>*
